Floor to clear speaker	1500mm (W) – closest to service bay 1700mm (W) – door level

Other Staging Notes

- + Metro Arts adopts definitions outlined by *Live Performance Australia* when describing rigging work.
- + Attaching or suspending items using pre-existing / proprietary systems using a standard method is generally not defined as rigging by WHS regulations. This includes handing technical elements (lighting, sound, vision) from hook clamps, attaching cloths/drapes/banners, attaching scenery with a dedicated attachment point, attaching design elements and/or attaching/running cables.
- + Any rigging work beyond the above scope may require installation and sign-off by a qualified rigger, to be wholly arranged at cost by the client.

Lighting

Control

All lighting in the galleries is controlled by wall switches. In Gallery 1 and the Window Gallery, these are hidden behind a door at the rear of the room. In Gallery 2, they are hidden behind a door near the entrance.

Lighting

Make and Model	Description	Quantity	Available In
Erco Oseris Zoom Spotlight	LED 10W dimmable track lights, for exhibitions; interchangeable filters: Spot, Wallwash, Oval Flood	18	Gallery 1 Gallery 2 Window Gallery
Erco Pantrac Wall Wash	LED 15W dimmable track lights, for exhibitions; wall wash	4	Gallery 1 Gallery 2 Window Gallery
Strip fluros	Bright white LED Fluro strip that runs the perimeter of the venue	1	Gallery 1 Gallery 2
Downlights	Warm white lighting for general, everyday use	NA	Gallery 1 Gallery 2

Power and Cabling

240v Extension, 5-pin DMX	The venue has a healthy stock of cabling, including 240v extension leads, 5-Pin DMX leads, and 3-Pin XLR. Please discuss your requirements as additional cabling may be required of events with significant requirements
3-Phase Extensions	None
GPOs / Green Power / Blue Power	Located at Technical Panels. <i>Refer to tech plans.</i>

Special Effects

Smoke + Haze Approval of Use	Any smoke / haze, dry ice or other that is brought into the venue must be approved prior to use. A safety data sheet will be required for all chemicals. The Venue Manager must be consulted whenever any smoke, fog or haze effects are used. The venue must be informed prior to each use of an effect as to make appropriate arrangements to isolate the fire alarm system appropriately. Metro Arts reserves the right to deny the use of any special effects.
Smoke + Haze Approved Fluids / Fees + Charges	Strictly only approved fluids may be used. Metro Arts can provide approved fluids subject to a consumption fee. Please contact venue to enquire.
Cigarettes / Herbals / Vapourisers	See above.
Strobe / Lasers	For audience comfort and safety, the use of strobe and/or lasers may require warning notices to be included in event billing and displayed publicly. Metro Arts may require additional documentation prior to approval. Please discuss your event needs with your Event Coordinator.

Pyrotechnics / Flames	Pyrotechnics and naked flames are strictly prohibited in all venues due to installed fire protection systems
Flutter / Confetti	Please discuss your event needs with Metro Arts. Any use of any items that may impose a hazard to the venue air-conditioning system may be refused by Metro Arts. Additional cleaning fees may be charged depending on circumstances.

Notes

- + Additional lighting control and lighting fixtures may be available on request. Please contact your Event Coordinator to discuss your lighting requirements.
- + Battery powered and corded LED work lights are available upon request.
- + Any additional equipment being brought into the venue must be inspected by venue staff prior to installation or use.
- + All electrical appliances and cables shall be tagged with an appropriate safety tag in accordance with AS 3760:20003.

Sound

There is no standard sound equipment available in the Gallery spaces. Metro Arts has a range of other sound equipment which may be available upon request, subject to availability. Please contact your event coordinator to request further details.

Vision

Additional Vision Equipment

All stock subject to availability and shared across venues. Please enquire with venue for availability.

Health, Safety + Environment (HSE)

Fire Safety

- + All scenery, props, and masking must be suitably flame retarded and be rendered non-flammable to the satisfaction of Metro Arts.
- + No scenery and properties are permitted to block or obstruct designated exits at any time.
- + Flammable liquids, gasses, chemicals, solvents or other dangerous materials are not permitted to be brought on site of the precincts without approval.
- + The use of live flames (including candle) is strictly prohibited across all venues of the precinct. The use of haze or smoke effects is prohibited without prior permission from Metro Arts. Please refer to *Special Effects* under *Lighting*.

Safety

- + Metro Arts and West Village is strictly a non-smoking precinct. This includes the use of e-cigarettes and vaporizers.
- + Alcohol is not permitted to be consumed before or while on duty. Alcohol is not permitted to be consumed in the back of house areas, including the bio box, green rooms and dressing rooms, unless pre-approved by Metro Arts. Alcohol must not be brought onsite, even if not being consumed in accordance to the venues liquor license. Failure to comply may result in termination of contract.
- + Footwear and clothing must be appropriate to the activity. Enclosed footwear is required at all times during bump-ins/outs. Any barefoot personnel (including performers) must be appropriately risk assessed.
- + All electrical appliances and cables shall be tagged with an appropriate safety tag in accordance with AS 3760:20003.
- + No single insulated cable is permitted to be connected to any Metro Arts power source. This applies to all voltages including extra low voltage (under 32 volts).

Risk Assessment

A risk assessment must be submitted at least 7 days prior to the first day onsite and must include bump-in / bump-out periods. Entry into the venue may be refused until a risk assessment can be provided.

A comprehensive risk assessment is required during pre-production for all shows and events. The Risk Assessment needs to consider the risks associated with your specific event. It should be submitted to Metro Arts at least seven days prior to the event. Our staff can assist you with this process, including a venue standard sanctioned template.

General considerations include:

- + All equipment brought on site is subject to safety checks by Metro Arts staff prior to installation or use.
- + All electrical appliances and cables shall be tagged with an appropriate safety tag in accordance with AS 3760:20003.
- + Overhead equipment (including lighting and scenery) must be rigged by competent persons.
- + Rigging of high-risk items and/or equipment must be rigged by a qualified rigger, using appropriately certified equipment.
- + Equipment rigged overhead must be secured with a safety chain or similar redundancy.
- + Approved drapes must be of a fire-retardant fabric or treated with an approved fire retardant and with an appropriate label attached to the drape.
- + Compressed air may only be used by suitably trained operators.

Other

Accessibility

Metro Arts is dedicated to ensuring that our venue is welcoming to all patrons.

Access	<p>The Gallery One, Two, and the Window Gallery can be accessed by ground level in Factory Lane.</p> <p>For artists, the Galleries can also be accessed by ramp from the Service Bay, and then by elevator from the New Benner Theatre. Please contact your Event Coordinator for further details.</p>
Auslan Interpreting	<p>Metro Arts can assist with organising an interpreter for your event. Please contact your Event Coordinator for further details.</p>
Accessible Bathrooms	<p>There are accessible bathrooms in Factory Lane, which are open to the general public.</p>
Assistance Animals	<p>Assistance animals are welcome in all areas of Metro Arts for both artists and patrons.</p>
Transport	<p>Public Transport – Metro Arts can be accessed most easily by the 199 bus route. Please see here for more public transport options.</p> <p>Car – West Village’s carpark offers 2 hours free parking and both levels are wheelchair accessible and offer easy access to Metro Arts.</p>

Storage

Limited storage space is available back of house. Please discuss your needs with your Event Coordinator.

Rehearsal Rooms / Holding Areas

Metro Arts has two rehearsal studios located in the historical Peter’s ice cream factory. These studios feature full-length mirrors, semi-sprung dance floors and in-built sound systems. Subject to availability, additional fees apply. Please contact your Event Coordinator for more information.
